

Annual GTTI Award for PhD Theses in the field of Communication Technologies

Standing Rules:

1. GTTI establishes an annual Award for outstanding PhD Theses carried out at Italian Universities in the areas of Communications Technologies (Signal Processing, Digital Communications, Networking).
2. A **Committee** (to be renewed every year) is instituted whose members are Professors and non-academic experts in the field.
3. The Committee will evaluate the Theses received after the call according to their technical and scientific relevance both in absolute terms and in relation with the subject of the work, also considering the working environment. The main aspects to be considered are originality and innovation, as well as author's research autonomy and clarity of exposition.
4. The Committee will issue a maximum of 3 Awards per year. Each Award is constituted by a **diploma and of a prize of 1,500 Euros** delivered to the winners during the **annual GTTI meeting** (usually held in June).
5. The **2010** Committee is made up of the components of the 'Giunta GTTI'. Will be considered only submitted PhD Theses which final discussion has been held in the period **between May 1st, 2009 and April 30, 2010**.
6. After successful completion of the final PhD defense, the candidates may **apply for the Award** by sending to GTTI the following documentation:
 - a. final version of the Thesis
 - b. final judgement expressed by the local Doctorate Committee after completion of the PhD program
 - c. final report expressed by the PhD jury after the defense of the Thesis
 - d. Signed application form with a declaration of conformity that documents a-c. are identical to the original

All material must be sent in electronic form (.pdf format) to the e-mail address premio_dottorato@gtti.it within May 09, 2010, h. 24:00 (submission of document c. above, if not available at the date of application, can be delayed no later than June 01, 2010, h. 24:00).

A template for documents d. is available at www.gtti.it/premio_dottorato/
